APPLICATION FOR
YOUTH HEALTH LEADERSHIP

Youth Health Leadership (YHL) is a signature program of Childhood Obesity Prevention Education (COPE), formerly funded by the Florida Blue Foundation. The purpose of YHL is to engage youth in promoting and improving health and wellness through education and action in Tallahassee/Leon County. Those selected for YHL will participate in interactive educational sessions about improving health for themselves and others. Upon completion, YHL members will use the knowledge and skills learned to help improve health of their peers, families and the broader community. YHL is a unique opportunity for youth to increase knowledge about health and wellness, develop public speaking skills, and enhance leadership abilities while helping to improve the health of Tallahassee/Leon County.

We now have successfully completed seven cohorts of YHL. Since 2013, 53 youth have completed all requirements and have led to the development of several youth-led health campaigns, including:

- established the YHL Facebook Page
- developed a partnership with CHAMPIONS which provides fitness activities for elementary and middle school students
- promoted physical activity through development of a unique flyer
- identified mental health as a key issue for COPE to explore
- successfully implemented a program to promote universal health with underserved youth
- successfully implemented a program to promote health with homeless families
- successfully implemented a health program at the Frenchtown Heritage Market
- successfully implemented a health program at the Walker-Ford Community Center
- successfully collaborated with the Youth Empowerment & Entrepreneurship Program

We will continue with our new features this year, including training on health justice, adding a requirement for youth to plan an individual project, and collaborating with local organizations for a culminating community project.

We are now recruiting YHL Cohort VIII members who, once selected, will have the opportunity to complete requirements in 2019. A total of up to 15 new recruits will be selected through a competitive process. To be considered for YHL, the enclosed application should be completed and returned via email or fax to Dr. Penny Ralston no later than 5:00 pm on Monday, January 20, 2020. A review committee comprised of YHL alumni, parents, and advisors will interview qualified candidates and make selections. Criteria for selection for YHL include:

- Be high school age (between the ages of 14 and 18)
- Be an active member of a community organization (e.g. school, civic, fraternal, voluntary, faith-based)
- Have an interest in health
- Have an interest in being a youth health leader
- Commitment to attend YHL events in spring 2020

As a part of the process, youth being considered for YHL will be asked to participate in interviews during the week of January 27-31, 2020. A parent/guardian will be asked to attend the interviews as well. Selected youth and their parents will be notified in writing by the week of February 3, 2020. The YHL Induction Ceremony will then be held on Tuesday, February 18,
More details about the time and location of the event will be provided once youth are selected. The proposed YHL Cohort 2020 Calendar of activities is listed on the next page.

We are requesting that the family of each selected YHL member provide a $25.00 fee to help defray expenses for Cohort VIII, including facilities, refreshments and materials. Checks should be made payable to Florida State University Center on Better Health & Life. Funds need to be received prior to the Induction Ceremony. Scholarships are available for families needing assistance with the fee.

For more information about YHL, please go to [https://bhlcenter.fsu.edu/youth-health-leadership](https://bhlcenter.fsu.edu/youth-health-leadership) or to [https://www.facebook.com/Youth-Health-Leadership-412952635467849/](https://www.facebook.com/Youth-Health-Leadership-412952635467849/). For more information about the YHL application process, please contact Penny Ralston, Ph.D., Professor, Dean Emeritus & Director, FSU Center on Better Health and Life for Underserved Populations, (850) 645-8110 (Phone), (850) 645-8109 (Fax), pralston@fsu.edu.
